Deer Park School

Induction Information

We just wanted to update you about your induction day. We know this is something that you will be thinking about and we said we would keep you informed as soon as we knew what we could and couldn't do.

Induction Evening for Parents and Students

We will also be holding an evening meeting in July at Boorley Park School for you and your parents to attend. At this meeting we will talk through all of the important things that you want to know and introduce you to some of the key staff who you will see around the school.

More information to follow

We'll be in contact with you again soon with some additional information about your induction.
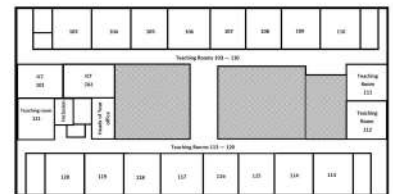

Remote Student Induction

We absolutely understand how important a smooth transition is for you and will be offering a range of transition activities to ensure your start with us is an enjoyable and exciting experience.

We have planned some engaging remote induction activities and experiences for you to take part in.

We know you'll be really keen to find out how to get to school and what the site looks like so we will be making a virtual video tour of the school for you to watch, below is a map of some of the places we will be going and we will be sending you information about how to get to school with suggestions of routes for you to try out over the summer holidays with your family.

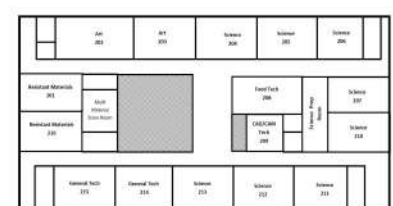

Deer Park School site plan:

Your First Day

In September we will have our proper induction to the school. Your first day will help you get to know the buildings, find the toilets, we'll show you where to buy and eat lunch and all of the other essential things that you'll want to discover. Our aim is to make you the experts as quickly as possible because you'll have a job to do within the first few weeks of school.

We will be opening Deer Park one evening and inviting your parents to come into the school, have some refreshments and get a tour of your brand new building… and you will be their tour guide!
